INTERNATIONAL SEARCH REPORT

International application No.

PCT/JP02/08610

Box I Observations where certain claims were found unsearchable (Continuation of item 1 of first sheet)

This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:

1. ☐ Claims Nos.:
because they relate to subject matter not required to be searched by this Authority, namely:

2. ☐ Claims Nos.:
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:

3. ☐ Claims Nos.:
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).

Box II Observations where unity of invention is lacking (Continuation of item 3 of first sheet)

This International Searching Authority found multiple inventions in this international application, as follows:

Claim 1 is an invention relating to an optical recording material which comprises a side chain type polymer liquid crystal containing a photochromic compound of electrocyclic reaction type.

Claim 2 is an invention relating to an optical recording material which comprises a side chain type polymer liquid crystal comprising a monomer unit having a photochromic compound of electrocyclic reaction type bonded thereto in the polymer chain thereof.

The use of a side chain type polymer liquid crystal containing a photochromic compound of electrocyclic reaction type as an optical
(continued to extra sheet)

1. ☐ As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.

2. ☒ As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.

3. ☐ As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:

4. ☐ No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:

Remark on Protest ☐ The additional search fees were accompanied by the applicant's protest.
☐ No protest accompanied the payment of additional search fees.

recording material, which is regarded as a special technical matter in the meaning of PCT Rule 13.2 in the above respective inventions, is a known technical matter as can seen in the second sheet. The above two inventions are, therefore, not a group of inventions which are so linked as to form a single general inventive concept.

Accordingly, the above two inventions do not comply with the requirement of unity of invention.
